

COMING IN SEPTEMBER 2018

CardValet[®]

RFCU is **pleased to introduce** our newest tool to help you manage your cards! Coming in October 2018, CardValet[®], a mobile card management app that allows you the ability to “turn off” your cards when not in use or are missing! You can also establish transaction spending limits and decline a transaction when the amount exceeds a predefined threshold.

Real-time smartphone alerts can be customized based on the types of information each cardholder would like to receive. For example, a cardholder can set up an alert to be notified when a card is used, when a transaction is approved and exceeds any of the permitted use policies, or when a card transaction has been attempted but has been declined based on the parameters established.

“CardValet is ideal for users who want to actively manage their cards. CardValet’s inventive and thoughtful approach to card management makes the user experience as easy as possible,” said Marie Holowka, President/CEO. “We are excited to offer this complimentary service to our debit and credit card cardholders! Not only is CardValet user-friendly and convenient, but it will aid in our continued efforts to prevent fraud and identity theft for our cardholders.”

CardValet will be available in the Apple[®] App Store or Google[®] Play.

Stay tuned for more information and a launch date!
